Trident Development Corporation implements high-performance, high-velocity learning solutions that enable clients to rapidly improve workforce performance. The Trident Workforce Development Platform (TWDP) is a fully functional platform offering over 600 online courses, in the categories below plus much more.

- **Business** – Leadership, Management, Decision Making, Negotiation, Communication, Team Building, Selling, Customer Service, Human Resources, Ethics, Creativity, Productivity, Career Strategies, Supply Chain...
- **Computer** – Microsoft Office, Adobe Creative Suite, Quickbooks, Web Development Apps, Google Apps, Cybersecurity, Social Media...
- **Safety** – First Aid, Ergonomics, Fire Prevention, Tool Safety, Virus Prevention, Trafficking Awareness, Conflict Resolution, Violence Prevention, OSHA Recordkeeping, Laboratory Equipment and Practices...
- **Finance** – Accounting, Cash Management, Investments, Banking, Trade Finance, Capital Financing, Personal Finance...
- **Compliance** – Hazard Communication, Export Compliance, Ethics, Information Security, Harassment, Substance Abuse, Cybersecurity, Antitrust, EEO, HIPAA, Fair Labor Standards...

TWDP is a full-featured learning management system that allows you to assign courses to students or give access to the entire library, track student progress, and provide certificates of completion. TWDP management tools enable quick decision-making with both the “big picture” and granular information about each user.

## Custom Training Solutions

### Front End Analysis

Define career paths, competencies and required certifications. Trident is here to assist with developing your most important resources, your people. Our six services: Organizational Assessments; Career Mapping; Talent Assessments; Analytics, Policy and Guidance; and Customizable IT Solutions

### Custom Content Development

Trident partners with our clients to define goals and objectives of their curriculum, and our Instructional Designers recommend a blended learning solution to effectively deliver content. We offer instructor-led training, video, performance support, e-learning, simulations, courseware conversion and virtual reality. We provide a comprehensive approach to optimal performance and results-driven training.

### Knowledge Capitalization

We help organizations take advantage of their most important asset – the knowledge and expertise of their workforce. Trident professionals will capture, organize, display, and share the explicit and tacit knowledge of an organization and make it actionable by connecting it to work performance when it's needed.

Contact [Trident](#) to find out how we can help you train, support, and develop your workforce for maximum effectiveness.
